EXECUTIVE SUMMARY

On April 8, 2020 a Notice to Bidders was published in The Examiner and on the Village website, soliciting bids for the Apple Orchard Pump Station Upgrade Project. This project was discussed and approved for FY 2019-20 and again in FY 20/21 by the Board during the Capital Budget process to improve this large lift station. The project consists of the reconfiguration of the existing wet-well with a new concrete well, two (2) new submersible pumps, ductile iron piping, pump controls, new valve and flow meter vaults and odor control. The project originally went out to bid in September, 2019, but the Village Board initially rejected the bids due to the bids being higher than projected. Staff reviewed the previous bids, spoke with the contractors and planned for a solution to help alleviate some of the contractor concerns of handling the bypass pumping. Village Staff implemented the changes into the specifications and went out to bid with a bid opening on April 22, 2020 at 10:00 AM. Ten (10) bid packets were distributed by prospective bidders. Three (3) packets were returned. A bid tab sheet is attached for review.

The three (3) bids ranged from \$745,645 to \$827,428. The low bid during this re-bid was approximately \$78,500 lower than the previous low bid of \$824,145 when the project was bid in the Fall. The Village had budgeted \$1,000,000 for the estimated cost of the project in the 2020/21 budget. The low bid was submitted by John Neri Construction Company, Inc. who was also the low bidder in the Fall of 2019. The Contractor has extensive references and experience constructing similar projects.

As part of our ongoing review of capital spending, this project was evaluated for costs and where it falls on the community safety spectrum. This lift station takes flow from Brewster Creek, Lake in the Hills, and Campanelli lift stations. If it goes down we have major concerns for backups. There is currently only 1 pump functioning so this project needs to get done as soon as possible.

Based upon the bids submitted and concerns above, Staff recommends awarding the Apple Orchard Pump Station Upgrade Project to John Neri Construction Company, Inc.

In the event of any conflict between the terms and conditions of any of the Contract Documents, the most stringent requirements shall control.

Completion Date. Contractor shall complete the Project Work in strict compliance with the requirements herein on or before October 15, 2020.

A. **Payment Procedure.** The payment procedures are as follows:

1. All payments under the Agreement shall be based on the unit prices set forth in Contractor's Schedule of Prices (the "Unit Pricing"); attached hereto and incorporated and based on actual quantities supplied and installed/constructed by the Contractor in accordance with the terms and conditions herein, as determined and certified by the Village or its Engineer.

2. Neither Owner nor Engineer guaranty the accuracy of the estimated units for completion of the Project Work. In no event shall Contractor be entitled to any additional compensation for lost profits and/or revenues due to estimated units exceeding actual units.

3. In addition to the payment request documentation set forth under the Contract, Contractor shall provide the following documentation to the Village and the Engineer:

a. Contractor shall provide monthly invoices to the Village throughout the Project Work. It shall be a condition precedent to the Village obligation to make a monthly progress payment that the Contractor shall have submitted to the Engineer, on or before the first day of the month in which the Contractor is applying for a payment, the following documentation, which shall hereinafter collectively be referred to as the "Contractor's Progress Payment Documents".

(i) An itemized Application of Payment for operations completed in accordance with the schedule of values, supported by such data to substantiate the Contractor's right to payment as the Village and the Engineer may require, such as copies of requisitions from material suppliers, and reflecting a 5% retainage until after final acceptance has been made by the Village. (v) Certified Payrolls (defined below)

(vi) Such additional documentation and/or information requested by the Village and /or Engineer relative to said payment.

b. It shall be a condition precedent to any payment required by the Village hereunder, that the Village and the Engineer has determined that the Project Work being invoiced is free from any defects and has been completed in strict compliance with the terms and conditions herein. The Village shall deduct from the final payment hereunder, amounts as determined for incomplete work, including but not limited to punch list work, and any required Restoration Work, and for any unsettled claims. Payments shall be further contingent upon the consent of the surety issuing the performance and payment bonds and/or other bond hereunder to said payment. Any amounts required to be withheld from said payment by the surety shall be withheld without any liability to the Village.

c. Following completion of the Project Work, Contractor shall furnish the Village the following documents: (1) final lien waivers from (i) Contractor; (ii) all subcontractors of every tier that furnished labor and/or materials for the Project Work; and (iii) all suppliers that furnished materials in connection with the Project Work; all of which shall

d. In the event the Contractor, and or Village and/or Engineer is in receipt of any claim(s) for lien and/or other notice of any claim in connection with the Project, the amount claimed shall be held out from payment for a period of at least 120 days to determine whether said claimant files a lawsuit to foreclose or otherwise adjudicate its lien claim. In the event a lawsuit is in fact filed within the statutory period, the Village, in its sole discretion, may elect to (a) file an interpleader action and/or intervene in the lawsuit and deposit the amount in question with the Clerk of the Court or (b) continue to hold said disputed sum until the lawsuit has been fully adjudicated or settled, or (c) elect to pay said disputed sum to the Contractor after having first received such additional indemnification agreement(s) and surety bond(s) as are acceptable to the Village. In the event the lien claimant fails to file a lawsuit within the applicable statutory period, the Contractor shall either furnish a release or final waiver from said lien claimant or furnish the Village with an indemnification agreement and an additional mechanic's lien bond in form approved by the Village issued by a surety company acceptable to the Village.

e. (the "Certified Payrolls"). The Village will not process or release any payments prior to receiving the Certified Payrolls relative to each applicable pay application.

f. Notwithstanding the foregoing, in no event shall the Village's acceptance of the Project Work, Contractor's Payment Request Documentation, Engineer's Certification, and/or the Village's payments to Contractor be deemed a waiver, express or implied, of any warranties and/or guaranties required herein.

B. Non-Discrimination. Contractor shall not discriminate against any worker, employee or applicant for employment because of religion, race, sex, sexual orientation, color, national origin, marital status, or ancestry, age, physical or mental disability unrelated to ability, or an unfavorable discharge from the military service, nor otherwise commit an unfair employment practice.

but not limited to, attorney's fees, and other costs of defense by reason of actual or alleged violations of any of the Laws. To the fullest extent permitted by law, the Contractor shall indemnify, defend and hold harmless the Village of Bartlett, and its officials, officers, employees, agents, consultants, successors and assigns (collectively, the "Indemnified Parties"), against all injuries, deaths, damage to property, loss, damages, claims, suits, liens, lien rights, liabilities, judgments, costs and expenses which may in any way arise directly or indirectly from the Project Work, Repair Work and/or Warranty Work provided hereunder, and/or any acts and/or omissions of or on behalf of the Contractor, its employees, contractors, subcontractors of any tier, suppliers, and/or agents and/or any person and/or entity acting on behalf of any of them and/or anyone directly or indirectly employed by any of them and/or anyone for whose acts and/or omissions any of them may be liable (collectively, "Contractors Agents"); except to the extent caused by the negligence of a party indemnified hereunder. In which case, Contractor shall at its own expense, appear, defend and pay all charges of attorneys and costs and other expenses arising there from or incurred in connection therewith, and if any judgment shall be rendered against the Indemnified Parties or any of them, in any such action, Contractor agrees that any bond or insurance protection required herein, or otherwise provided by Contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Indemnified Parties as herein provided. This obligation shall survive the expiration and/or termination of the Agreement. Contractor shall similarly protect, indemnify and hold and save harmless the Indemnified Parties against and from any and all claims, costs, causes, actions and expenses including but not limited to attorney's fees, incurred by reason of Contractor's breach of any of its obligations under, or Contractor's default of, any provision of the Agreement. This obligation shall survive the expiration and /or termination of the Agreement.

All subcontractors shall be approved by the Village. Any such assignment by Contractor without the Village's written approval shall be null and void.

F. Taxes. The Village is a Tax-Exempt Organization and is not subject to sales, consumer, use, and other similar taxes required by law. This exemption does not, however, apply to tools, machinery, equipment or other property leased by the Contractor, or to suppliers and materials which, even though they are consumed are not incorporated into the completed Project Work. The Contractor shall be responsible for and pay any and all applicable taxes, including sales and use taxes, on such leased tools, machinery, equipment or other property and upon such unincorporated supplies and materials. All such taxes are included in the unit pricing set forth in the Contractor's proposal.

Contractor has made such investigations as it deems necessary to perform the Project Work, including but not limited to, inspection of all Project Sites and represents and warrants that the Specifications, Plans, Drawings and other Contract Documents as defined in the General Conditions are adequate and the required result can be produced there under. No plea of ignorance of conditions that exist or of conditions or difficulties that may be encountered in the execution of the Project Work under this Agreement as a result of failure to make the necessary investigations will be accepted as an excuse for any failure or omission on the part of Contractor to fulfill in every detail all of the requirements of this Agreement, or will be accepted as a basis for any claims whatsoever, for extra compensation.

j. Notice of Personal Injury or Property Damage

If Contractor's activities or the activities of any of Contractor's Agents violate or create a risk of violation of any Environmental Laws, Contractor shall cause such activities to cease immediately upon notice from the Village. Contractor shall immediately notify the Village both by telephone and in writing of any spill or unauthorized discharge of Hazardous Substances or of any condition constituting an "imminent hazard" under any Environmental Laws. Contractor's indemnification obligations and duties hereunder shall survive the termination and/or expiration of this Contract.

N. Delays in Project Work.

Notwithstanding any provision herein to the contrary, the Contractor shall not be entitled to an increase in the Contract Sum as a result of any delays in the progress of the Work. The Contractor's sole remedy for delay shall be an extension of time.

If the Contractor, but for a delay not within the Contractor's control, would have completed the Work prior to the project completion date, the Contractor shall not be entitled to any recovery of damages arising out of any event of delay which prevented such early completion of the Work.

O. Change Orders.

(1.) Notwithstanding any provisions herein to the contrary, where proposed changes to the Project Work involve a modification to (i) the Contract Sum; (ii) the

Contract Time, or (iii) material changes in the Work (i.e., other than minor field changes), a written Change Order shall be prepared by the Engineer. It shall be a condition precedent to the acceptance of any Change Order or any Series of Change Orders which involves an increase or decrease in the Contract Sum of \$10,000 or more or changes the time of completion by a total of thirty (30) days or more, that the Village corporate authorities shall have first approved such written Change Order(s) and made the requisite determinations and findings in writing as required by 720 ILCS 5/33 E-9 (as amended).
