MOTION: To approve the purchase of 31 Getac S410 laptop computers from Insight Public Sector for an amount not to exceed \$84,549.71.

Staff: Chris Hostetler, Information Technology Coord. Date: June 8, 2022

Village of Bartlett
Finance Department Memo
22-10

DATE: June 8, 2022
TO: Paula Schumacher, Village Administrator
FROM: Chris Hostetler, Information Technology Coordinator
SUBJECT: Police Squad Car Computer Purchase

The Village budgeted \$86,800 to replace the 31 semi-rugged computers that are used in the squad cars and other patrol vehicles. These are used by the officers to receive dispatches from DUCOMM, obtain information in the field, and for writing their reports.

The existing computers are almost 5 years-old. While failures have been minimal they still occur, which results in a squad car being unusable while the computer is out for repair. The existing hardware, hard drive (because of space limitation) and cellular modem (because reduced compatibility with cell networks) have also become problematic.

In order to avoid replacing the docking systems in each squad and the associated cost of nearly \$1,000 each, we chose to continue to use the Getac S410 semi-rugged laptop since no other manufacturer's laptop will fit the dock.

On May 26, the Village issued an RFP for 31 Getac S410 laptops and a 5-year manufacturer warranty. The RFP was sent to 10 authorized resellers.

Three proposals were received. The table below shows the results.

Vendor	Cost of Proposal
Insight Public Sector	\$84,549.71
Glacier Computer	\$97,083.01
Brite	\$99,196.90

Based on the results, staff recommends the purchase of 31 Getac S410 semi-rugged laptop computers from Insight Public Sector for an amount not to exceed \$84,549.71.

The purchase will be funded out the Village's Equipment Replacement Fund.

MOTION:

To approve the purchase of Getac S410 computers from SHI for an amount not to exceed \$84,549.71.
