RE: Purchase of Six Flock Cameras

On April 15, 2025, the Village Board previously approved the Police Department's FY 2025-2026 budget, which included funding for six (6) license plate reader (LPR) cameras from Flock Group, Inc. at a total annual cost of \$21,000 (\$3,500 per camera). We are now seeking approval to enter into a two-year service agreement with Flock Group, Inc. to proceed with the purchase and implementation.

The cameras will be strategically installed throughout the Village to enhance public safety by aiding in criminal and traffic investigations, recovering stolen vehicles, and locating missing or endangered individuals. The department has successfully used LPR technology to solve hit-and-run crashes, locate a kidnapping victim, and identify and arrest armed offenders. Of the 62 hit-and-run cases last year, there were successful outcomes in the areas where LPRs were located. Expanding coverage will allow us to close critical gaps at major exits from Bartlett and access a national network of over 17,000 LPRs within a 500-mile radius.

All data is owned by the Village, stored for 30 days unless retained for investigations, and cannot be shared or sold by Flock. Data is encrypted by federal standards using Amazon Web Services. Funding is provided through Equitable Sharing.
